Projects

<https://abiola20.github.io/social-links-profile/>, social links profile

- A mini project with HTML and CSS. A card that holds the links to my social media accounts.
- Compatible with difference browsers and on various screen sizes.

cabin-africa.webflow.io, cabin-africa

- Developed the front facing side of a fashion design company's website.
- The website was designed using webflow; a no-code solution and it is a two-page website.
- The website was tested and works perfectly across different browsers and on different screen sizes.

<https://abiola20.github.io/sidebar/>, Side bar

- Created a closeable and expandable side bar using HTML and CSS.
- It is mobile responsive

<https://abiola20.github.io/jetspeed/>, Jetspeed

- Created the landing page for jetspeed travels and tours.
- Not mobile responsive.
